ADMINISTRATIVE INSTRUCTION

To: All Executive and Administrative Officers

From: The Controller

Subject: CERTIFYING OFFICERS: 1990-1991 ACCOUNTS

The present instruction sets out the guidelines for the exercise of the certifying function on the part of the officials designated by the Controller as certifying officers under the provisions of financial rule 110.4, and for the exercise of the approving function on the part of the officials designated as approving officers under the provisions of financial rule 108.9. This instruction supersedes instruction ST/AI/352/Add.2.

Alphabetical index of certifying officers	78

READEX FICHE

A. Certifying officer panels

1. Attached is a list of certifying officer panels designated under financial rule 110.4 in respect of the 1990-1991 accounts. The names of the officials are listed by the account type and object of expenditure. Certifying officers are listed first, followed by alternate certifying officers. An alphabetical index of certifying officers is included on pages 78 to 82 for ease of reference.

2. The list reflects the information in the records of the Programme Planning and Budget Division as at 28 February 1991. Corrections to the list should be communicated as soon as possible to the Programme Planning and Budget Division. Changes that may become necessary at Headquarters, New York, or field missions as a result of staff turnover or new assignments should be the subject of a written recommendation by Heads of Department or Office to the Controller on form F.177. It is necessary that departmental recommendations be communicated to the Controller in anticipation of staff changes in order to ensure that only the appropriate officials are formally designated to discharge these functions. Approval of recommendations is normally noted by the Controller directly on the form and photocopies are distributed to the appropriate officials.

3. Heads of Administration at established United Nations offices* away from Headquarters are authorized to designate the certifying officers and their alternates locally. The authorized panels of certifying officers should be forwarded at the beginning of each year to the Office of the Controller.

4. The separation of authority, responsibilities and duties between certifying officers and approving officers is the foundation of the United Nations system of financial control. The intent is to ensure that no financial transaction can be processed without the authority of two officers.

B. Functions of certifying officers

5. The responsibility attached to the position of certifying officer or alternate certifying officer is a personal one and cannot be delegated.

6. The functions of such officers are to certify that a proposed obligation or expenditure:

(a) Is in accord with existing regulations, rules and instructions;

(b) Is reasonable and in accord with the purpose for which the relevant appropriation was approved and the allotment made;

---

* These offices are Geneva (UNOG, ECE, UNCTAD and UNHCR), Vienna (UNOV and UNRWA), The Hague (ICJ), Rome (WFC), Nairobi (UNCHS and UNEP) and the regional commissions.

(c) Can be met from the available balance of the allotments to the relevant account with due regard to foreseeable future obligations.

7. In the case of expenditure accounts for established posts and for the related common staff costs, the certification shall refer to adherence to authorized staffing tables (authorized work-months in the case of posts authorized for less than a full year), to entitlements established by the Office of Human Resources Management and to time and attendance. Certification of all other costs, such as temporary assistance, consultants and experts and travel of staff, shall refer to time within allotment or other forms of authorization (e.g., temporary assistance authorizations, MODs).

8. On all occasions, certifying officers shall ensure that proposed obligations or expenditures are properly classified and coded in accordance with the 1990-1991 codes in the Allotment Account Codes Handbook (ST/ADM/L.3/Rev.22), as amended. Where the last three digits of the account numbers are shown as "XXX", obligations and expenditure are to be recorded in accordance with the standard object of expenditure codes shown in part VI of the aforementioned handbook. With the exception of object of expenditure codes 341 to 346, certifying officers and their alternates may certify for obligations and expenditures within their responsibility where the last three digits of the account numbers are shown as "XXX".

9. Rule 110.4 of the United Nations Financial Regulations and Rules defines the scope of responsibility of certifying and alternate certifying officers. Certifying officers are charged with overall responsibility over the accounts assigned to them. Subject to the provisions of paragraph 10 below, a United Nations official is personally responsible for the actions certified by him or her when performing in this capacity.

10. Should any question arise in connection with a proposed obligation or expenditure, a certifying officer may, if necessary, request the written instructions from the head of the department or other officer to whom the latter has delegated the required authority. If the certifying officer is then instructed to certify, responsiblity for the action will rest with the officer issuing the instruction, and the certifying officer should qualify the certification to that effect.

11. According to the terms of financial rule 110.3, the Controller has the authority to certify obligations and expenditures under all accounts. The Deputy Controller has the same authority in the Controller's absence.

12. The function performed by a certifying officer is antecedent to, and distinct from, that of an approving officer, designated by the Controller to approve actual payments on behalf of the Organization in terms of financial rule 108.9. Certifying officers cannot combine their functions with those of approving officers.

C. Functions of approving officers

13. The functions of approving officers are:

(a) To approve for the Controller the recording of obligations appropriate to the relevant accounts relating to contracts, agreements, purchase orders and other necessary expenditures for the procurement of goods, services and facilities;

(b) To approve for the Controller payments subsequent thereto on the basis of support vouchers and other documents which indicate that the goods and services have been received in accordance with the documents establishing the obligation or the certification on the support vouchers, etc. An approving officer must also verify that payment has not previously been made and that the supporting documents do not have irregularities on their face which indicate that the payment is not properly due; nor shall a payment be approved if any other information known to him or her would bar the payment.

14. Field finance officers who are designated approving officers are also expected to ensure that total obligations are kept within the limits of the relevant budgetary allotments, as may be authorized by Headquarters from time to time, and restricted to obligations and expenditures properly incurred under the specific direction of Headquarters (field officers).
